## PRESS RELEASE

28. 03. 2022

In this time of conflict, the members of TDC are eager to welcome this mobilization and to transmit this information.

**Support for Ukraine**  
**Circus artists are mobilizing through a movement of international solidarity!**

The largest circus collaboration in history of all genres has joined forces to support the Ukrainian circus community with jobs, costumes, training spaces, transport, visas, a home, and logistics...

Initiating this movement, is Aurelia Cats (VP Viktor Kee Foundation), Jasmine Straga (Board of Directors of the Fédération Mondiale du Cirque & the Global Alliance of Circus Schools) and Kristian Kristof (International Manager Recirquel Company).

Circus students from the Kyiv Academy and Kharkiv have been welcomed into schools around the world

Germany : Europe Staatliche Artistenschule Berlin - Cabuwazi - Circus und Zelt punkt Montelino - Cirque Active Stuttgart - Dobbolino

Czech Republic : Cirk La Putyka, Prague

Hungary : Recirquel - Capital circus of Budapest - Hungarian Ministry of Culture - Baross Imre Artistaképző Intézet Előadó-művészeti Szakgimnázium - Inspirál circus center - Balance & Torna Club

France : CNAC, Châlons-en-Champagne - La Maison de Nina, Marseille - CIAM - Centre International des Arts en Mouvement, Aix-en-Provence

Australia : Lee Academy

Sweden : Norrköpings Ungdomscirkus

This is a grass roots action run by the above individuals volunteering their time and who are working closely with the Kyiv Academy of Circus and Variety Arts and due to the urgency of its' nature it is not functioning as non-for-profit NGO. These volunteers are veterans in the industry and have undertaken extensive research and utilised their large network of industry professionals to connect students and artists to exactly what they need.

The evacuation and host organizations have not only rescued students from circus schools, but also adult circus artists, including their family and friends fleeing Ukraine.

For adult artists, they are provided with safe methods to flee Ukraine via car, foot or public transport. This is done by utilising live conflict maps, government data and the experiences of those who have recently crossed the border. They are also linked to people who can provide transportation both within Ukraine and beyond the border, in some cases also assist them book flights or trains, find accommodation, access medical treatment or food...

## How can you help?

- **A crowdfunding campaign 'GoFundMe' was created to help support the children that have fled Ukraine so they can continue their studies in a safe environment.**

Donations can also be made at : <https://gofund.me/5112d1f3>

- **Several request forms have been created to request or provide assistance:**
